To Whom It May Concern:

The St.John Association of Saint Lucia recognizes how important it is for communities to have the skills and knowledge to treat injuries which can save lives as soon as an emergency occurs, as well as the ability to mobilise and organise themselves rapidly.

To this end we are running a project to train persons in St Lucia on the basics of First Aid and what to do in a disaster over the next 15 months. This is a one day (6 hours) training which is being offered FREE of charge. Your organization has been targeted as one of the groups which would benefit from such training. Sessions can be scheduled on Saturday from 9am – 3pm or three weeknights from 5pm – 7pm. Alternate arrangements can be made if this does not meet your needs.

You are invited to take advantage of this training opportunity by contacting the administrator at telephone number 451-6122, 520-7642 or b.preparednow@gmail.com to register.

The St.John Association of St.Lucia, located at George the V Park in Castries, is the local chapter of the Order of St John, a global volunteer organization, which provides vital first aid care and ambulance services.

Yours most sincerely

Sarah Lionel

Project Administrator St John St Lucia
