#### **Notes to the Editor**

**The Cane Bar**, Jalousie's specialty rum bar features cutting edge style, a glowing white bar, and comfortable over-sized furniture in a palette of white and soft charcoal, not to mention a wide selection of rum and a "rummelier" to help guide guests through their choices. In addition to the offerings behind the bar, The Cane Bar also features a range of tasty dishes to provide the perfect accompaniment to your chosen libation.

For discerning diners there is the elegant **Great Room**, with its old world colonial charm serving Caribbean influenced fare in candlelit surroundings.

**The Late Night Bar** features funky cutting edge style and fantastic artwork. There is also an open air deck for drinks under the stars and in the shadow of the Petit Piton

**The Bayside Restaurant and Bar** is just steps away from the crystalline waters of Anse des Pitons, and set on the white sands of Anse des Pitons. This restaurant has a strong St Tropez vibe but with plenty of Caribbean flair.

**The Rainforest Spa** is now true to its name with seven tree house treatment rooms tucked amid the lush vegetation and cathedral buttressed trees on the lower slopes of the Petit Piton. A lively stream, warmed by the nearby volcano, weaves its way below the lofty rooms.
